**5. Department Reports**

- Community Co-Ordinator Report

The Community Co-Ordinator reviewed her report and a discussion was held regarding the transportation plan and the budget. Dexter Construction was the only tender received and that quote was double what the original study was. Can the time line be extended (paving can only be completed until the first week of December) and can the money we have be held and kept with us and used in conjunction with other grants we obtain in the next fiscal year? There are a lot of unanswered questions that need to be answered surrounding this project and Fran is still working on these. Because of the recent Federal election, we are still waiting for the Member of Parliament to be named Minister of Finance to see about new grants and she has been in contact with the Provincial departments and receiving conflicting information.
